ANNE MARIE LANGAN  
DEPUTY DIRECTOR  
(313) 224-1078

TO: COUNCILMEMBERS

FROM: Irvin Corley, Jr., Director *ICJ.*  
Anne Marie Langan, Deputy Director *AML*

DATE: April 7, 2008

RE: Report on Gaming Tax Revenue through February 2008

For Council's review, the attached schedules present the gaming tax revenue activity through February 2008 and prior fiscal years.

Eight months of the current fiscal year have reported collections of \$122.1 million in gaming tax revenue that is \$278,000 greater than the first eight months of the last fiscal year, a two-tenths of one percent increase, while the adjusted gross receipts earned by the casino increased by 3.14% in the same eight-month period.

There is not a one-to-one relationship between the adjusted gross receipts and the tax revenue collection increases due to the fact that MGM and Motor City casinos have begun paying the city 1% less because of the permanent casinos opening on October 3 and November 29, respectively. This reduction to the city is part of state Public Act 306 of 2004, when the legislature amended Public Act 69 of 1997, which was the original casino gaming legislation. P.A. 306 increased the wagering tax by 6% of which 2% went to the City of Detroit. The caveat was that when the permanent casino had been certified by the state gaming board as having operated for 30 consecutive days, 5% of the 6% additional wagering tax would be eliminated, with the 1% allocated to the city where the casino is being operated. Greektown will continue to pay the 6% additional wagering tax – 4% to the state, 2% to the city – until the permanent is open, which is scheduled for October 2008. The amended development agreement, which is separate from the state law, has all casinos paying an additional 1%, plus another 1% when the casino reaches \$400 million in gross receipts in a calendar year.

In November for the second year in a row, gaming tax collections spiked almost by \$9 million over the month of October. This is due to the additional 1% that was added January 2006 through the city's amended development agreement with the casinos that the casinos had to pay the city once they individually reached \$400 million in the

calendar year. In the current year MGM did reach \$400 million in mid-October, and finally remitted the additional 1% in November, which was beyond the 10 days stipulated in the development agreement. It does not appear that the amended casino development agreement included any penalty for late remittance. Motor City also reached \$400 million at the very end of October and remitted the funds to the city within the proper timeframe as outlined in the development agreement.

At eight months into the fiscal year our office shows a projected deficit of \$ 6.61 million based on budgeted assumptions of \$193.25 million. With 4 more months to go in the fiscal year, there is a slight possibility that the budgeted revenue assumption will be reached.
